

of troops to the eastern frontiers of the country and the calling of successive contingents to the interior has commenced. The troops will be forwarded to various points of concentration where they can in the easiest manner reinforce the regulars in the Polish frontiers on the Austrian and German frontiers. The naval transport preparations are nearly completed.

JACKSON AND SLAVIN.

The Betting in New York is Slightly in Favor of the White Man.

(Special to THE HERALD—Examiner Dispatch.) New York, May 6.—The betting in this city on the Jackson-Slavin fight shows the latter to be a slight favorite. Al Smith has a bet of \$500 on Slavin and he stands to win about \$3,000. He considers that there is only one man in the world who can yet beat Slavin and he is the one who is betting on him. The betting on Slavin is about \$1,000,000 and the betting on Slavin is about \$1,000,000. The betting on Slavin is about \$1,000,000 and the betting on Slavin is about \$1,000,000.

THE FIELD OF SPORTS.

Running at Lexington, Nashville, St. Louis, San Francisco and Washington—Baseball. Lexington, Ky., May 6.—Three-quarters of a mile—Bottling won, Salivation second, Lockport third. Time—1:16. Four and a half furlongs—Joe Murphy won, Roslyn second, Ingomar third. Time—1:37. Five and one hundred yards—Bob won, Kaiser second, Astorhan third. Time—1:50. Half a mile—Flaves won, Our Frank second, Robert A third. Time—1:14. Three-quarters of a mile—Spottis won, Holly Glen second, Diana third. Time—1:19.

Nashville Races. Nashville, May 6.—Eleven sixteenths of a mile—Bret Harlow won, Billy Smith second, Edwin third. Time—1:11. Fifteen sixteenths of a mile—Borealis won, George K second, Gray Goose third. Time—1:38. Five furlongs—The Reaper won, Berwyn second, Interior third. Time—1:35. Mile—Springway won, Bob R second, K K third. Time—1:43. Five furlongs—Long Brook won, Brandon second, Arthur Murray third. Time—1:34.

St. Louis Races. St. Louis, May 6.—Five and a half furlongs—Enterprise won, Maud B second, Coronet third. Time—1:14. Four furlongs—Blissard won, Jack Mul second, Johnny Campbell third. Time—1:34. Six furlongs—Oakview won, Invercauld second, Put King third. Time—1:38. Six and a half furlongs—Williamham won, Leonard second, Denton third. Time—1:40. Five and a half furlongs—Clifton Black won, Knight second, Crab Elder third. Time—1:37. Seven and a half furlongs—Hoodlum won, Zeelein second, Kenwood third. Time—1:43.

Washington Races. Washington, May 6.—Six and a half furlongs—Kerrie won, Cyclore second, Mr. Saez third. Time—1:32. Mile and a sixteenth—St. Mark won, Zampet second, Poverty third. Time—1:40. Mile—My Fellow won, Margherita second, Count third. Time—1:43. Mile—Kau Kau won, Maid of Soron second, Sam Morse third. Time—1:30. Five furlongs—Heats—Dalyryan won, Ella second, Helmut third. Time of both heats—1:21.

San Francisco Races. San Francisco, May 6.—Five furlongs—Iris won, Marinet second, Conde third. Time—1:30. Mile—Bart Scott won, Earle second, Lucinda third. Time—1:30. Six furlongs—Montana won, Monewal second, Henry T third. Time—1:35. Mile—Bart Scott won, Earle second, Lucinda third. Time—1:30. Six furlongs—Montana won, Monewal second, Henry T third. Time—1:35.

Newmarket Spring Meeting. London, May 6.—Newmarket first spring meeting. The race for the 3,000 guineas stakes for three-year-old fillies, mile and eleven yards, was won by Harlowe Hirsch's La Fleche, Duke of Portland's The Snow second, Henry Milner's Adoration third.

Baseball. Cleveland, May 6.—Batteries—Young, O'Connor; Healy, Gansan. Cincinnati, May 6.—Batteries—Chamberlain, Harrington; Clarkson, Kelly. Chicago, May 6.—Batteries—Pumbert, Kittredge; Rousie, Boyle.

Louisville, May 6.—Batteries—Fitzgerald, Gussie; Leiter, Clemente. St. Louis, May 6.—Batteries—Bretland, Bird; Steln, Daly. Pittsburgh, May 6.—Batteries—The Pittsburgh-Washington game was postponed; rain.

A Boxing Match. SYRACUSE, N. Y., May 6.—James Kennedy, the "N.Y. Mail" boxer, fought rounds before the Syracuse Athletic club tonight with Prof. Fred Warner, the club's boxing instructor.

AERIAL NAVIGATION. John F. Cooley Claims to Have Solved the Problem. His Machine is Cigar-Shaped and Made of Aluminum—The Enzyme Power Will be Hydrogen Gas.

(Special to THE HERALD—Examiner Dispatch.) MIDDLETOWN, N. Y., May 6.—John F. Cooley, an ingenious and enthusiastic inventor of Pennsylvania, N. Y., thinks he has solved the problem of successfully navigating the air. A company of capitalists of his town, with Dr. R. H. Phillips as president, has furnished money to put the invention to a practical test, and has contracted for the building of one of the air ships at an Elmhurst shop.

The ship will be cigar-shaped or in the form of a double cone, and about 30 feet long and 30 feet in diameter at the center. The principal material to be used is aluminum. There will be no car or apparatus hanging beneath, as passengers and machinery will be carried within the body of the ship.

The buoyant power will be hydrogen gas, contained in twenty separate chambers. The propelling power will be obtained from a chemical compound, the nature of which is one of Mr. Cooley's secrets, and which will operate the propellers, weighing only one pound to the horse-power at the rate of 8,000 revolutions a minute.

Mr. Cooley expects a machine of the size indicated to carry twenty passengers and all the needed machinery and supplies at the rate of from 100 to 200 miles an hour. He maintains that his perfected air ship will outpace all other forms of war, because no body of armed men or other fortification could exist for any length of time against a rain of dynamite shells from the air ship.

SILVER BROW IRON WORKS, No. 149 West North Temple.

THE METHODISTS.

The Chinese Exclusion Law Warmly Denounced.

It is Termed a Political Measure, and Was Signed by the President for Political Effect.

OMAHA, May 6.—Bishop Mallien presided at the morning session of the Methodist conference. The first order of the day was the report of Bishop Theobald of India and Malaysia. He said the church was teaching the gospel in those countries in thirteen languages. The work in India was in excellent condition but the need was great. The membership has increased nearly 30,000 in the past four years. The Sunday schools have increased 15,000, and now the number is 55,000. There were 20,000 scholars in the day schools. The people by thousands have given up their idols.

The conference then requested the committee appointed the previous day to prepare a resolution upon the Chinese exclusion bill to report. Judge Lawrence submitted the report which stated that the committee learned the bill was already signed by the President, therefore it was too late to take action until the exact wording and condition of the bill were ascertained.

Dr. Swindell offered a minority report to have the question referred to the committee on the state of the church. He feared the passage of the bill would jeopardize the lives and property of missionaries in China and he wanted the matter considered and disposed of so the conference might be thoroughly informed as to the actual state of affairs. The matter was finally referred to another special committee of five ministers and four lay men.

During the discussion, Dr. Leonard denounced the president and Congress, and he said China had the same right here as other foreigners, notably the Irish. Dr. Swindell said unless action was taken the country would regard the conference as approving the bill, which was the most iniquitous measure ever passed by Congress.

Dr. Edwards of Chicago denounced the act as a political measure. "The bill," said Edwards, "is a part of the storage of sin in New York. It is rushed through the Democratic House, passed by our noble senators and signed by our well-nigh unimpaired president solely for political effect."

Dr. Payne of Cincinnati said the church should show it was not controlled by any partisan bias, the conference should show it does not approve such a political measure and moved to send the matter to the church committee.

Dr. Buckley denounced all reference to politics, saying that a man who would try to build up one party or tear down another in this conference is nothing but a demagogue. There was a general sigh of relief when the question was temporarily disposed of by its reference.

This afternoon was given up to committee work and this plan will be followed to the end of the conference. This evening the conference tendered a reception to Dr. W. P. Moulton, the distinguished delegate from England. He delivered an eloquent address in which he said the vastness of the United States, notwithstanding all he had read, was a surprise to him. He spoke encouragingly of the prospect of the Methodist church both in Europe and America.

CONGRESS.

Caruth Wants an Appropriation for Salt River.

Reed Stirs up Holman—A Bill to Prevent Convict Labor on Public Works—The Senate.

WASHINGTON, May 6.—The House went into committee of the whole on the river and harbor bill. Caruth threw a little amusement into the proceedings by offering an amendment appropriating \$3,000 for the improvement of "Salt river," Kentucky, alluding to the advantage the appropriation would bring to defeated candidates for the presidency.

After a humorous comments the amendments were defeated. Then Reed saw an opportunity to stir up Holman and did so by moving to strike out the appropriation of \$12,000 for completing the embankment on the south side of the great Miami river. In a sarcastic manner he called upon Sherman, chairman of the Committee on Appropriations, to rise and protest against this extravagant expenditure. The gentleman from Indiana had not yet risen when Reed called attention to the fact that when it came to appropriations for his own district the great principles of economy and retrenchment were forgotten and the House took a recess till evening.

The House postoffice committee has agreed to report favorably the bill for the extension of the free delivery in rural districts and the bill for the issue of fractional postal notes.

Senator Delph today proposed an amendment to the sundry civil bill, appropriating \$200,000 for a public building at Portland, Oreg., in addition to the appropriation already made, and to increase the limit of cost to \$1,500,000.

Senate Proceedings. The Senate took up the resolution to pay the Choctaws and Chickasaws for their interest in the Cheyenne-Arapaho reservation. Daves, chairman of the committee on Indian Affairs, addressed the Senate in advocacy of the measure.

Daves spoke till 2 p.m. without finishing. Business was then suspended and eulogies were delivered by Gorman and others on the late Senator Wilson of Maryland, who died Feb. 18.

At the conclusion of the address the Senate adjourned until Monday. An important bill, designed to prevent the employment on public works of prison convict labor, or the products of such labor, was reported to the House today from the Labor Committee by Representative Davis.

A ROW IN CAMP. Liberal-Republicans and Liberal-Democrats Disagree.

There is trouble in the air for the Liberal-Republicans and the Liberal-Democrats. It all arises over the question as to who shall be nominated for delegate to Congress next fall.

On Thursday evening there was a select meeting of some thirty of the alleged leaders of the Liberal-Republican party, and there was considerable oratory wasted and a great deal of ill-feeling engendered in the discussion of the question as to what was best to do.

The Liberal-Democrats insisted that a Liberal-Democrat should be put on the ticket, and the Liberal-Republicans said they would see the Liberal-Democrats in Nevada or some other undesirable place before they would consent to any such thing. A vote was finally taken, which resulted in a tie, and after some more wrangling the meeting adjourned without any definite conclusion having been arrived at.

AMUSEMENTS.

"ALL THE COMFORTS OF HOME." This well known comedy by Gillette held the boards last evening. Where a play is so well known and remembered as this, it is unnecessary to say anything extended on its merits or demerits. It is not so good a work either as the same author's "Held by

the Enemy" or "Mr. Wilkinson's Widow," but interpreted by Mr. Frohman's excellent company of comedians it made up an evening of merriment and thorough enjoyment. The "Comerica" goes at a matinee this afternoon and for the last time this evening; it should draw good houses.

Monday night one of New York's big comedy and sensation comes to the theater in "Blue Jeans." The sales opened yesterday.

WONDERLAND. The educated Shanghai will furnish a tremendous amount of sport for the little folk today and the "Lovers" and "Al Leach" will further amuse them in the theater. The act of the Miltons, the musical people, is quite pleasing, particularly Mr. Milton's bell-ringing turn. He is very clever. The Edgelys' quietude continues to meet with popular favor. Their rendition of "Sally in Our Alley" is very praiseworthy. A modern Sampson and the marvelous dog continue to interest the children.

UTAH AT THE WORLD'S FAIR.

People Who Want to be Represented at the Columbia Exposition.

Secretary McDaniel is receiving applications for space in the art department from all over the territory and is agreeably surprised at the large number of artists which Utah has produced.

At first it was believed that Utah's exhibit of live stock at the World's fair would be very meagre, but now that Ben R. Eldridge has determined to compete for some of the prizes with the best examples of his herd others will no doubt follow.

Professor Sanborn has signified his willingness to assist the commission, and long experience in experimental agriculture will enable him to participate in the joint exhibitions to be made by the experimental stations of the country.

A number of persons have applied to Secretary McDaniel in regard to the collection of antiquarian relics and natural curiosities. The World's fair commission was informed yesterday afternoon by the head of one of the large mercantile houses and leading financiers that his company would guarantee \$5,000 of the \$50,000, and several other public spirited firms have made similar offers.

SPORTING NOTES.

The Freeman-Williams Fight—The Gun Club Shoot.

The members of the sporting fraternity who remain in this city will be on the quiver this evening when the result of the Freeman-Williams fight, which is to take place at Pocatello, is known.

THE GUN CLUB SHOOT.

Below is the score made by the Salt Lake Gun club at their State street grounds, 30 singles, 10 doubles:

Name	Singles	Doubles	Total
Browning	13	8	21
Sharp	14	8	22
Fisher	12	8	20
Brookbank	11	8	19
May	9	8	17
Trumey	10	8	18
King	10	8	18
McConville	10	8	18
Alkins	10	8	18
Walker	10	8	18
Brooks	10	8	18
Christie	10	8	18
Hradley	10	8	18
Tilman	10	8	18
Johnson	10	8	18
Sharp, Jr.	10	8	18
A. Margretis	10	8	18

AN INJUNCTION ASKED.

S. F. Walker Seeks a Restraining Order Against Davis County.

The injunction suit of S. F. Walker against Davis county will probably come up in the Third District court today. A short time since the plaintiff complained that the defendant was trespassing upon and injuring some land at Lake Shore, in the vicinity of the city of Pocatello, by road, plowing up debris, etc., and was granted a temporary injunction. He now seeks to have the order made permanent.

On December 17 last George Callahan was arrested on charge of grand larceny and was held in bond to \$500 to await further action, his sureties being Fritz Reipen and S. S. Nobbitt. Later Callahan disappeared and his bonds were forfeited. The money has not yet been paid and Auditor Pratt has planted a suit in the Third District court to recover the money.

The Probate Court. Estate of Minnie Barton, deceased; order made appointing Clarence W. Hall special administrator of the estate of \$20,000. Estate of John Greening, deceased; executors discharged. Estate of John Lees, deceased; order appointing appraisers.

Police Court. The police are looking for a dashing young man about twenty-two, of light complexion, with sandy mustache, in response to a wire from Deeming & Co. of San Francisco. Several charges are pending against him.

Scientific Wares. Coal is now successfully cut with electrical appliances. Prof. Massee, the Italian scientist, in experimenting with the blood of man, has discovered by injecting it under the skin of rabbits, frogs, mice, guinea pigs, etc., that it is rank poison, having similar in action to venom of snakes of the viper kind.

If we first lay down the sun and then place the earth one inch from it, that being the relative distance, then if we inquire at what distance to put the nearest fixed star, using the same scale, we will find that it must be placed at a distance of eleven miles.

A French technical journal recommends the use of coal for the waterproofing masonry. A small amount of India rubber dissolved in benzine will increase its durability. It should be applied boiling hot, and if the color should be objectionable, it can be dusted with plaster of Paris before drying.

A process for coating iron and steel with zinc at ordinary temperatures has been lately developed by the London Metallurgical company. By this process the tendency of iron and zinc to form an alloy and the reduction of the temper in steel, due to the intense heat of molten zinc, are said to be avoided.

The microphone used as a death test prevented the premature burial of a woman in St. Petersburg, who, when in a state of syncope, was pronounced dead from paralysis of the heart. All other tests failed, but the microphone applied to the region of the heart showed that it still beat, and the woman was resuscitated.

A scientific authority states that by saturating a bullet with vasoline its flight may be easily followed with the eye from the time it leaves the muzzle of the rifle until it strikes the target. The course of the flight is marked by a beautiful ring of smoke, caused by the vasoline being ignited on leaving the muzzle of the gun.

PORTLAND AND RETURN. One Fare for the Round Trip. For the accommodation of those desiring to visit at points in the vicinity of, or at Portland in May during the session of the Presbyterian general assembly, the Union Pacific will sell a round trip ticket at a rate of one fare for the round trip. Tickets on sale May 9 to 14 inclusive, limited to thirty days from date of sale. For general information apply to D. E. Burley, general agent U. P. System, 201 Main street.

We are Particularly Fortunate in Being Able

To offer not only seasonable goods, but a very complete line of seasonable goods at very low prices. It is useless for anyone to attempt to disguise the more than ever prevalent desire to buy close. The "hard times" one hears of constantly are not confined to any particular locality, but are universal. Luxuries are not included in purchases so frequently now—such for instance as ice cream freezers—but the gasoline stove, combining luxury and necessity, such as the incomparable "Quick Meal" are sought often by the masses. All of these things that one has to have—including the garden tools, lawn mowers, and house cleaning apparatus, carpet sweepers and carpet stretchers, refrigerators, granite ware, tinware, hose, etc., etc.—we are fortunately able to offer inducements, not only in the make of the goods, but in the PRICES. Many of them are what is left of the "King & Yankee" BANKRUPT SALE. We will have something to tell you in a day or so concerning a new lawn sprinkler.
